Masters in Information Technology

Panjab University
2022 – 2024

Bachelors in Computer Application

Punjab University
2019 – 2022

PROFILE

Frontend Developer with 2+ years of experience building scalable and high-performance web applications using React.js, Next.js, and modern JavaScript (ES6+). Skilled in state management with Redux Toolkit, REST API integration, and creating responsive, user-friendly interfaces. Experienced in optimizing performance, improving user engagement, and delivering clean, maintainable code.

PROFESSIONAL EXPERIENCE

Antier Solutions

Software Engineer

05/2024 – present

Working on building and maintaining responsive web applications using React, Next.js, and Redux Toolkit.

TaskUs

Support Agent

2022 – 03/2024

Tech Mahindra

Support Agent

2021 – 2022

PROJECTS

EWMS (Employment Work Management System)

- Developed a full-stack application for employee time tracking and project management
- Implemented role-based access control for secure user management
- Built responsive UI using React.js and Bootstrap
- Integrated REST APIs for real-time data updates
- Enabled efficient tracking of daily work logs and project assignments

Frontend Development Projects

- Delivered multiple responsive and modern UI projects based on Figma designs
- Converted UI/UX designs into pixel-perfect, functional interfaces
- Optimized performance and ensured cross-device compatibility
- Worked on projects like Lumenfiai, Sky Marvel, Mountain Bank, and Susumi
